

# Electoral Services National Occupational Standards (NOS)

NOW AVAILABLE  
WITH A FREE  
DOWNLOADABLE  
TOOLKIT & POWERPOINT  
PRESENTATION PACK

## Help is here for Practitioners & Managers

- Use for self- assessment or to see how your skills match up to other jobs and qualifications
- Track progress and development against national standards and ensure quality standards and best practice throughout work
- Incorporate in a range of performance management tasks to assist in providing evidence for *performance standards*
- Use as a checklist to provide a framework for carrying out new Electoral Services tasks

Download your free  
copy from:

(Simply press control and click on the above link or copy & paste the address into your web browser)

NEW: Now you can also download a free toolkit and Powerpoint Presentation Pack to help you use the NOS

The standards are an invaluable, freely available, resource tool. They can save workers at every level of the organisation considerable time by being used in a range of contexts. They can, for example, help outline the job for a new employee or provide a comprehensive framework for tackling a new task; they can provide a shared and objective framework for appraisals by being used by both appraiser and appraisee.

They are part of a Government Initiative to improve the performance and competitiveness of the UK workforce
